Working Safely with Children Aged 1-2yrs

For Use in Educational Settings

The Early Excellence Curriculum Team carefully curates all resource collections for use within appropriately supervised educational settings, both inside and outdoors.

Ensuring Appropriate Supervision

Some of our 1-2yrs resource collections and treasure baskets include everyday objects, natural materials, and/or resources marked as safe for children aged 18 months and above. Children aged between 1 and 2yrs will ONLY be able to use these safely with effective, close adult supervision, as required in a school or setting.

IT IS ESSENTIAL THAT RISK ASSESSMENTS ARE CARRIED OUT IN LINE WITH SETTING/SCHOOL PROCEDURES AND THAT THE DEVELOPMENT, COMPETENCE AND CONFIDENCE OF INDIVIDUAL CHILDREN IS ASSESSED TO DETERMINE THE APPROPRIATENESS OF EACH RESOURCE, AS WELL AS THE LEVEL OF ADULT SUPPORT REQUIRED WHEN THEY ARE USING IT. THESE ASSESSMENTS MUST BE REGULARLY MONITORED AS NEW CHILDREN ARE INTRODUCED TO THE ENVIRONMENT.

If you have not bought these for use in a school or setting, please seek further advice from our customer services team prior to use.
