Working safely with Deckchairs

This deckchair is manufactured with child safety in mind. It is made from a high-quality wood with screw fixings to safely secure it and prevent it from collapsing. It requires assembly by an adult before use.

Care & Maintenance

Although shower-proof we don't recommend leaving printed cotton outside continuously. Please be aware that cotton cannot be treated for UV protection, and it will fade over time particularly during a hot summer.

Product Specifications

Height: 49cm, Depth: 52cm,
Overall Width: 41cm, Seat Width: 33cm

Age Recommendation

Suitable for ages 3 to 5 years.
